Professional Experience:

Key Projects

AcademiaPlus, Project Director

- Led branding and design for AcademiaPlus, creating marketing materials that boosted engagement by 125% while managing multiple initiatives and ensuring brand consistency across all deliverables.

MaizeBridge _ Project Director

- Founding MaizeBridge, an AI-powered agribusiness platform that helps Rwandan farmers turn farming into a business—providing market intelligence, post-harvest guidance, income planning, and data-driven decision tools to reduce losses, increase productivity, and stabilize farmer incomes across rural communities.
